As indicated above, most of the amenities have been provided commensurate with the passenger traffic at these stations and are considered adequate.

(c) Saharanpur railway station has been selected for development as a Model Station. Further, deficiencies in minimum passenger amenities are being made good as a continuous process based on availability of resources and other relative priorities.

Touts in railway station complex

(a) whether Government's attention has been drawn towards a news-item captioned, "Railway Arakshan Kendra Mein Dalalon Ka Samrajya", published in Rashtriya Sahara dated 9th June, 2002, reporting about the hold of anti-social elements in the railway station complex due to negligence of the employees of the Railways and the Railway Police;
